The image shows a standard EU energy label for a refrigerator. It features a blue header with the European Union flag, the word "ENERG" in large letters, and the word "енергия·ενεργεια" in smaller letters below it. To the right of "ENERG" are four circular icons: "Y IJA" and "IE IA". Below the header, the brand name "MATRIX" is on the left and the model number "MFC701/2" is on the right. The main body of the label contains a vertical scale of energy efficiency classes from A+++ (green) to D (red). A black arrow points to the A+ class. Below this scale, the energy consumption is listed as "260 kWh/annum" in a white box. To the left of this box are the words "ENERGIA · ЕНЕРГИЯ · ΕΝΕΡΓΕΙΑ · ENERGIJA · ENERGY · ENERGIE · ENERGI" in a smaller font. At the bottom, there are three icons: a milk carton labeled "1L" with "182L" below it, a snowflake with "60L" below it, and a speaker icon with "39dB" below it. The number "2010/1060" is printed at the very bottom of the label.
